Dear Mr. Rynearson:

We want to take this opportunity to thank you and TPI for their generous gift to Habitat for Humanity's project on North East Street, Danville, In in 2007. Your donation of the 6 inch HDPE pipe and the welding of the pipe performed by TPI saved us considerable amount of money for the installation of the sanitary sewer. This savings allowed us to redirect funds to support construction of other homes in our 2007 building program.

Habitat appreciates generous gifts such as yours and we hope that 2008 will be a prosperous year for you and your company.

Sincerely,

David Chenault,
Construction Manager
